

**RESIDENTIAL TREE REMOVAL
PERMIT**

COMMUNITY DEVELOPMENT SERVICES

This permit may be used for residential lots less than 2 acres not part of a development.

Do I need a Tree Permit?

Within the City of Maple Valley, removal, pruning, planting, and other tree work may be regulated depending upon whether the tree is in the public right-of-way or if the tree is in a Tree Protection Area (TPA) or other easement. Contact the Planning Division at 425-413-6659 for help in determining if a tree permit is required. A site plan of the property showing streets, structures, driveways, setbacks to property lines and trees (include type) to be removed may be required. There is no charge for this permit.

Are you in the process of developing or redeveloping your property?

Tree removal, planting, and pruning during development are handled as part of the development permit process. Contact the Planning Division for details on tree requirements during development at 425-413-8800.
