I would like to know what the plan is for the small stretch of road on 220 that is closed between Witte & 255th. I would volunteer to help establish some native plants if the road is removed.

I also want to add my voice to the chorus, the number of people driving wreckless & very loudly on Witte & 220th is excessive. Something should be done to curb this.

I AM IN SUPPORT OF CLOSING 220TH WITH IMPROUMENTS TO 256TH ANGLE

I FEEL YOU WILL GET A LOT MORE SUPPORT IF A TURN LANE ONTO 256TH IS ADDED AND 256TH ANGLE IS IMPROVED

I LIVE IN CULDESAC FIRST HOUSE ON 255TH JUST 75 YARDS FROM BOTH ENTRANCES.

Please provide your comments below:

WE BELIEVE THAT 220th SHOULD BE CLOSED WITH A PEDESTRIAN WALKBRIDGE to BE PROVIDED OFF THE SIDEWALK OVER THE CREEK UP 220th. ALSO, THE 256th/220th INTERSECTION NEEDS TO BE IMPROVED FOR BETTER TRAFFIC SAFETY. ALSO, AS FAR AS THE HILL ON 220th GOES, THE CITY NEEDS TO PRIORITIZE IT AS A PRIORITY SNOW ROUTE AND PLOW + SAND IMMEDIATLY.

Please provide your comments below:

Fix 256 + 220th AV SE
cars park on 220th
because of snow and
can't get up the hill.
256 should have the
right of way onto 220th.
School bus snow emergency loading
Don't like closing
220th southbound.

More public input!

How will we get to our homes/work?

Please provide your comments below:

I do not want 220th closed.
Snow access is critical.
Cedar Downs uses our access too.
School buses, fire access/service,
I do not support the current
plan as proposed.
This should be discussed as an agenda item in public
city council meeting.
Love the sidewalk work but
the transportation issues that
are created at 256/220/254th
are unacceptable unless
current plan is revised.
Good conversations well run
meeting.

Please look at redesigning the route that 256th currently takes so that, when lower 220th is closed, the 'straight shot' up the hill (220th) is maintained. We need a way to get into the lake Lucerne area in the snow. Thank you.

Please provide your comments below:

1) Before 220th to Witte is closed, I invite all council members to drive into and out of my neighborhood (accessed from Witte by way of 256th) at all times of day and you'll understand the problems with 256th.

2) Hold a public comment session at a future council meeting to address all concerns with the Witte Rd SE Corridor Improvement project

Please provide your comments below:

I am extremely concerned with the City having a predetermined opinion on something so impactful to its citizens. 228th should not be closed, or if it is serious mitigation must be done prior to 228th.

Please provide your comments below:

RE-LOOK AT 256th ALIGNMENT AND SIGNAGE.

The current configuration of ~~the~~ 256th is very dangerous. It is too much of an S-curve and the drain at 256th & 220th is clogged (has been since construction) & gets icy in the winter.

This needs to be put on the agenda of the Council so that our comments can be heard directly by the Council members.

Closing 220th should not be an option at this time. More community input needs to happen.

Please provide your comments below:

1. Fix 256th Road angle.
2. Stop sidewalk at Cedar Downs to save money + delay sidewalk to next phase
3. Allow comment in Public Council.

4. Dont increase width of Witte Rd at the expense of existing good open drainage ditches along Witte Rd.

5. Drop the speed limit along Witte Rd at the turn off areas from Cedar Downs to Cherokee Bay.
