City of Maple Valley COVID-19 Update for April 23

Maple Valley, Wash. – April 23, 2020 – Following Public Health - Seattle & King County recommendations and direction from the State of Washington to help protect our communities from COVID-19, the City of Maple Valley closed a number of its facilities and park amenities. Those facilities and amenities remain closed. Due to planning timelines for various activities and uncertainty of when a “Return to Play” may occur, the City has recently taken the following measures:

- All recreation programs are canceled through May 31
- All rentals are canceled through June 30
- All community events are canceled through July 12

The City continues to monitor the situation for a “Return to Play”, and will provide additional information as it becomes available.

In an effort to support the community, the Maple Valley City Council at the April 22, 2020 special council meeting approved a Resolution to authorize an Emergency Rental and Mortgage Assistance Program. This funding will help Maple Valley residents and families who qualify for these services by providing funding to the Maple Valley Food Bank and Vine Maple Place.

If you have any questions, please contact City Hall at 425-413-8800.
